

Cuvée S^t Pierre

AOP VINSOBRES
ROUGE 2022

DSV Domaine Saint Vincent
VINSOBRES

Location/Climate

The village of Vinsobres benefits from a Mediterranean-influenced climate. Summers are hot and dry. The 2022 vintage was rather early (like 2020), stress and water deficit caused the vines to suffer during the summer. However, the long-awaited rains of September made it possible to obtain a good and quality harvest. The wines are fresh and fruity, and present beautiful aromatic profiles.

Terroir

On the hillsides of Vinsobres, in the place called St Pierre at an altitude of around 350 m. The vines enjoy optimal exposure to the sun for good maturation, the soil is mainly made up of clay and limestone.

Color :
deep ruby red
color, beautiful
intensity

Tasting
temperature :
16 to 18 °C

Alcohol
content :
14,5%vol.

Ageing
potential :
up to 10
years

Nose

Dense, expressive nose, notes of black cherry, all topped with fine toasty and vanilla notes.

Palate

A strong palate focused on fruit (strawberry jam). Depth and authenticity of youthful southern aromas, subtly woody finish.

Age of vines/Yields

Old vines carefully selected on the place called "St Pierre", the Cuvée Saint Pierre is very complex and of a rare finesse. We favor quality, that's why we do not exceed 25 HL/ha to produce this wine and select the most beautiful berries.

Vinification and Ageing

Harvested by hand, the Cuvée Saint Pierre comes from old vines located on the hillsides. Fermentation is done in traditional vats with daily pumping over to extract as much color as possible. Then, after pressing the marc, the wine is integrated into barrels to carry out its malolactic fermentation. It then enters a 12-months ageing period in barrels that have already matured a wine in order to have subtle woody notes bringing body and complexity.

Wine and food pairing

Grilled rib of beef with fleur de sel, selection of mature cheeses.

Grape

Syrah & Grenache
